

STUDENT ENRICHMENT ACTIVITIES SUPPORT (SEAS) SCHEME

 *Funding Guide • Activity Planning • Quick Answers*

Activity Eligibility & Scope

SEAS supports activities that enrich students' learning and experience while benefiting the HKUST community. Funding calculations consider HKUST students and staff only.

Speakers & Instructors

Speaker fees are not encouraged. Instead, small appreciation souvenirs may be provided. Limited funding support for instructor fees may be considered.

Souvenirs

Guest souvenirs are supported. Participant souvenirs receive limited support. Focus on meaningful experiences rather than giveaways.

Refreshments

Food and beverages may receive partial support only.

Prizes & Awards

Certificates, trophies and medals are encouraged. Cash prizes, gift cards, vouchers and coupons are not supported.

Funding Level

SEAS is designed as a funding booster and normally does not cover 100% of expenses.

Overseas & Cross-border Travel

Submit quotations and a detailed budget breakdown with your application.

Finding an Advisor

An HKUST faculty or staff member can act as advisor. Contact SEAS if you need assistance.
