

S H Ho Sports Hall - Transitory Measures for the Damaged Flooring

The flooring of S H Ho Sports Hall was seriously damaged by the Typhoon Mangkhut on 16 September 2018. We have been working closely with FMO colleagues to maintain partial opening of S H Ho Sports Hall on daily basis. Some of the bulging floors will be open up to release the moisture under the flooring in order to prevent further damage. Users are advised to stay away the fenced off areas.

An extensive replacement and repair work will be scheduled in the later time of this academic year. We will keep you posted for further update and the repair schedule. For inquiries, please don't hesitate to contact Mr. Edward AU-YEUNG at 23586679 or email to saaycl@ust.hk.

We thank you for your patience while we work towards resolving this issue.
