

Sports Facilities to Reopen on 21 Apr 2022

All sports facilities except Swimming Pool and Water Sports Center will be reopened on 21 April 2022. The Facilities Booking System will accept individual booking from 5 pm, 15 April 2022 onwards.

With reference to the latest regulations set by the Government, the arrangements on reopening of sports facilities are updated as follows:

1. All users must wear face masks at both indoor and outdoor sports facilities at all times except when drinking of water.
2. As you are requested to wear face mask at all times, you are reminded to stop exercise immediately if you are not feeling well, and seek help from our staff.
3. All users should take note of the latest requirements on the maximum number of players/users at related sports facilities as stipulated in the Prevention and Control of Disease (Requirements and Directions) (Business and Premises) Regulation (Cap. 599F). In general, each group of users must consist of no more than four persons. For team sports, the maximum number of players and referees to be allowed in each playing field/court at any time during a competition or a training match should follow the rules and regulations of the respective sports competition. An example in basketball, 10 players for a full court game would be allowed. However, only a maximum of 4 players per half court for shooting practice would be allowed.
4. Users are required to check their body temperature, to scan the "LeaveHomeSafe" and "Vaccine Pass" at the entrance counters. For details, please refer to the webpage of [Dosage Schedule for Vaccine Pass](#), and [List of Exemptions](#).
5. Users with fever or respiratory disease symptoms shall not use the sports facilities.
6. To avoid no-show penalty, you are reminded to book your timeslot only if you are available. In case of clash of schedule, please cancel your booking well in advance so that other users could take up your released timeslot.
