郭志強 先生

To Whom It May Concern,

Weiqi, one of the four ancient arts of China (alongside qin, chess, calligraphy, and painting), is a beloved intellectual game. In order to promote the development of university student Weiqi sports worldwide, foster friendships through chess, enhance exchanges among university students, and promote outstanding Chinese traditional culture, the Hong Kong Greater Bay Area Weiqi Promotion Association will host the inaugural "Four Seas Cup" Hong Kong International University Student Weiqi Competition from July 9th to 13th, 2024.

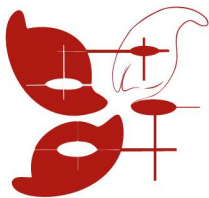

This competition is planned to be held annually and is organized by the Hong Kong Greater Bay Area Weiqi Promotion Association. It aims to become a grand event exclusively for university students worldwide. We sincerely appreciate the strong support from the Hong Kong Four Seas Group and Li Ning Limited! Our university partner for this event is the Hong Kong University of Science and Technology.

This year's competition will feature university students from over a dozen countries and regions competing in person. During the tournament, we will arrange activities such as Weiqi world champion guidance games or simultaneous games, Hong Kong sightseeing, and post-match social events.

Hereby, we cordially invite your Weiqi association to send players to participate in this year's competition!

### Event Details:

- Organizer: Hong Kong Greater Bay Area Weiqi Promotion Association
- Supporting Organizations: Hong Kong Four Seas Group, Li Ning Limited
- University Partner: Hong Kong University of Science and Technology
- Competition Dates: July 9th to 13th, 2024
- Competition Format: Individual results recorded as team scores (each team consists of three players)
